

SENSA SDP

DALI/DSI stuurapparaat

Art. nr. 96241223

Toepassing

The product has the following controls:

Scene buttons...

Four buttons that offer 4 lighting levels. The default levels are:

1 - 100% brightness

2 - 75% brightness

3 - 50% brightness

4 - 25% brightness

These levels can easily be changed.

Raise and lower function...

Use either buttons 1 or 2 to raise the light level

Use either buttons 3 or 4 to lower the light level

Off button...

Toggle between lights off and last selected scene.

Note: the data sent from the DALI output is in broadcast mode and is not suitable for addressed systems.

Planningsaanwijzingen

IMPORTANT NOTICE!

This device should be installed by a qualified electrician in accordance with the latest edition of the IEE wiring regulations.
